

**Coca Cola South Coast Twilight Rugby Union
Supported by Brumbies Community Rugby
Round 2 (Fri 31st October 2008)
Frogs Holla, Milton**

The first match of the night at Frogs Holla Field Milton was played between the home team and Batemans Bay was won 6-0 by Milton. While the big and strong Milton players dominated much of the play a very courageous Bay team never gave in. In fact, after the half time break the Bay team lifted their workrate in defence, were unlucky not to score on a number of occasions and finished the game pressing the Milton line. Try scorers for Milton were Mark Brayne [2], Corey Joyce, Jayde Tooth, Zeke Boddington and Blake Mackie.

In a display of good sportsmanship, it was decided to give the plentiful Milton players a 2nd run in the second match, and both visiting teams accepted the offer of the Milton players to boost their numbers.

The Milton men showed exceptional strength skill and pace and blended well to complement the talents of both the Bay/Mogo team and the Dolphins team in a very enjoyable and entertaining game. In any case, the Broulee/Milton combination ran out winners with a 5-2 scoreline. Try scorers were Corey Joyce [2], Harley Keith, Rohan Bennett, Mark Brayne for the Dolphins combination and Blake Mackie and Jack Lavis for Barbarians unit.

The coaches unanimously applauded the conduct of all the teams with the matches being played in an excellent spirit. Milton's coach, Peter Smith said "the difference between this week and last week in the standard of play and sportsmanship was remarkable".

Dolphins coach, Mick Skuse was enthused by the talent on display and was "looking forward to continued improvements in the players skill levels as the competition progresses"

Batemans Bay, coach, Rob Burtenshaw was pleased with "the effort that his boys put in, despite the fact that quite a few players were unavailable to play on the night".

Next week's Twilight Rugby matches will be held at Hanging Rock, Batemans Bay.
